

# *Picnic* with *the* *Principal*

Second grader Hailie Dobbert enjoyed a Picnic with the Principal on Thursday, Sept. 5th. Hailie told Principal Mrs. Yauck that she had a great summer but was really happy that school was starting. Hailie said that her family got to go boating a lot and she spent time with grandma. She had sleep overs by grandma, went to birthday parties, went to Brewers games with her cousins, and played with friends. Hailie is really athletic and good at many sports. When Mrs. Yauck asked if she is still playing baseball and she looked at her with a big smile on her face and said "Well, Mrs. Yauck, do you want me to tell you the whole story about why I didn't play baseball? Because it's pretty gross, or do you want only part of the story? Can you handle it?" Hailie had sprained her finger, which hurt a lot and took a long time to heal. She had to hang up her baseball glove for the summer.
