We are learning about hibernation and all of the different animals that hibernate. We practiced recognizing the colors we've learned so far. This week we learned the #2 and the letter "K". We painted polar bears on blue paper with white paint and cotton balls. We also worked on matching objects to the right "color" square.

The 1st, 2nd and 3rd graders had lots of fun doing stations this week in gym class!

We have so many things to be thankful for! Our 5K class made Pumpkin pie in a cup today to celebrate together on November 21st.

St. Mary School kindergartener Carson MacNeill had a Picnic with the Principal on Wednesday, Nov. 29. Principal Mary Yauck said that while normally Carson is on the shyer side, that day he was talking a mile a minute. She just listened for a bit and soaked in everything he was saying. He told Mrs. Yauck that his favorite thing to do is ride his dirt bike. He said that he rides with he said usually dad but when he has to work, mom rides with him. How fun! Carson told her all about his protective gear that he has to wear. He said that they are all important but the helmet and chest are the most important because they keep his brain and heart safe. Carson told Mrs. Yauck that he likes to go to Texas to visit his grandparents. He brings his dirt bike with them and grandpa rides with him when they are there. Carson's favorite part of school is sledding down the big hill with his friends. He said it makes him laugh. Mrs. Yauck said that she truly enjoyed her lunch with Carson.

St. Mary School second grader Madilyn TeStroete enjoyed a Picnic with the Principal on Tuesday, Nov. 21. Principal Mrs. Yauck said that Madilyn was full of smiles and stories. They talked a lot about her new baby brother. She loves him so much. Madilyn said that she also is so happy that both her mom and step dad are home because she gets to go home after school and spend a lot of time with them. Madilyn told Mrs. Yauck that she likes to go on vacations and travel by plane and has been on a plane about twelve times. She has been to many places, but her favorite was seeing the Redwoods and driving through them. She said she wanted to climb one but when she got up close, she knew that there was "no way". She talked so much about school. Some of Madilyn's favorite things to do at school are presentations, STEAM projects, reading and writing.
