In Social Studies, the 1st graders are learning about voting and reviewing the importance of laws and rules. We casted our ballots on Wednesday to see which activity the students would like to do when we have extra time. Their choices were to have free time in our classroom or to walk and talk in the gym. After the votes were counted, free time won!

This week in Second Grade we have been learning about in Math and Reading:

- Measuring to the nearest centimeter
- Reading all about tornadoes
- Main idea and key details
- Antonyms
- Spelling patterns in words with the long e

# 3K ADVENTURES

In 3K this week, we learned about the letter "N" and made noodle necklaces!

We had a very special visitor on December 22nd! Santa came to visit our kids and brought books for everyone! They kids were so excited to see him and get a gift from him!

Thank you to everyone who donated to our Scholastic Christmas Book campaign! The smiles on the kids' faces just shows how much they love their gifts!

St. Mary School third grader David Schuller enjoyed a Picnic with the Principal on Wednesday, Jan. 3<sup>rd</sup>. David's opening line was such a great intro to the rest of the conversation. Mrs. Yauck asked him how his Christmas break was and he said, with wide open arms, "it was crazy, we were everywhere!" David went on to explain that they went to the TAG center and to church, Santa came, they went up north, and then visited grandma and grandpa. David said that some of the highlights were a football net from Santa that the whole family can play with and helps you get good at throwing the football. David told Mrs. Yauck that he likes going up north because they get to explore and play family games. They added a windmill aerator to the pond so the fish will not die. David said that they watched the Packer game at grandma and grandpa's house from the hot tub. "It was so cool and Aaron Jones, he is such a beast". Mrs. Yauck, a huge Packers fan herself, said that comment made her say that he was a boy after her own heart!

Our third grade science unit is on plant structures, life cycles, and traits. We planted our root viewer today with carrots 🥕, radish, and onions 🧅. We will observe and track their growth.
