3K

Ready. Set. Go! In 3K we started our morning off with a fun obstacle course. Using our detective skills, we found leprechaun rocks around the room and discovered they were gold coins! This week we also have been learning about things that start with A, B, and C.

4K

It was a week full of imagination in 4K during Real and Make-Believe Week! We read engaging fairy tales, explored story elements, and strengthened our math, fine motor, and social skills in our daily learning centers ★

Mon., Mar. 23: Lasagna, Breadstick, Salad

Tue., Mar. 24: Ham & Cheese Sliders, Pickles, Mixed Veggies, Fresh Fruit

Wed., Mar. 25: BBQ Sloppy Joes, Green Beans, Fresh Fruit

Thur., Mar. 26: Meatball Sub, Tater Tots, Fresh Fruit

Fri., Mar. 27: Fish Sandwich, Chips, Fresh Veggies, String Cheese

Little children, let us love in deed and in truth, and not merely talk about it. (1 John 3:18)

5K

As part of our weather unit, we made "breeze buddies" to help us be weather watchers! We learned to look for clues that a storm is coming. We also pretended to be like a small breeze and watched what happened if we would be like a big gust of wind! In kindergarten we sorted what was in the Bible story Jesus Heals the Blind Man and what was not in the story. We have also been adding symbols to our lent bag. Students were the illustrators of a weather book! 4k and 5k have been doing Show and Tell together, where they get to bring in a family member or a friend to share and talk about with the rest of the class. We did a balloon movement break in between the two sharers!

Nothing beats the joy of the kids being surprised that their loved ones came to school to read! We enjoyed hearing Karen's mom read the story "The Chick that Wouldn't Hatch" and learning the animal names in Spanish!

1ST GRADE

The 1st grade students practiced a Reader's Theater that we shared with our 4K book buddies today. I am so proud of all the students. We are reviewing 2D and 3D shapes in 1st grade. Yesterday we composed shapes using other shapes. The kids really enjoyed this activity.

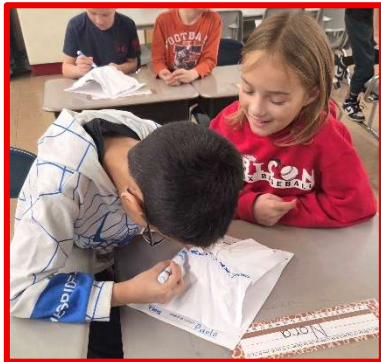

St. Mary School first grader, Abbygail had a Picnic with the Principal on Wednesday, March 4. Principal Mrs. Yauck said that our normally shy, quiet Abby didn't stop talking during the entire lunch. Abby talked a lot about her trip to Mexico with her family to visit relatives. They visited many places and went to a lot of parties with dancing and music. Abby is an amazing dancer so when asked if she danced a lot, she told Mrs. Yauck that she doesn't because when she does, everyone stares at her. Mrs. Yauck told her that's because they love watching her dance. Abby said that she had to speak Spanish the whole time during their visit so that her relatives would understand what she was saying. She was nervous that she would forget English by the time she got back. Abby told Mrs. Yauck that it is not hard to go back and forth from Spanish to English.

2ND GRADE

Mystery Science activity was mapping mountains and rivers. Students develop a model of the earth's surface and use it to discover an important principle about how rivers work. If you floated down the river, where would you end up?

3RD GRADE

Reading this time is individual biography book choice (Who is?) series in 3rd grade. They have to read a chapter, write down any unknown vocabulary words, and fill in information sheets.

CHILDCARE

ARTS AND CRAFTS, GAMES, PUZZLES, TEA PARTIES
AND OUTSIDE PLAY TIME! WE HAD A BUSY
AND FUN WEEK IN CHILDCARE!

Thank you, Fr. Miniatt, for helping these 2nd graders prepare to receive his or her First Communion. Your guidance, stories, prayers, and patience mean so much to these children.

We are truly grateful for your time you've given us tonight as we take this important step in our faith journey. God bless you!

St. Mary School kindergartener Giovanni had a Picnic with the Principal on Thursday, March 12. When Mrs. Yauck sat down at the table, Giovanni pushed his tray away, turned towards her, crossed his legs, and rested his arms over the back of the chair to let her know he was ready to chat. He told Mrs. Yauck about his day in class. He was so proud of himself for finishing his center work and getting some time on the iPad playing math games. Giovanni told Mrs. Yauck that he loves football and wants to play in college someday. His favorite NFL teams are the Dolphins, Ravens, and the 49ers. Mrs. Yauck is a die-hard Packers fan, so she gave him a look after that comment. He responded with, "You know who won the Super Bowl, right? He told her that the reason why the Seahawks won is because they are the fastest running team, they have the best quarterback, the best defense, and the best kicker. Giovanni's family took a trip to the Wilderness Resort in Wisconsin Dells a few weeks ago and he loved it. He said the best part was that they got to go to three different water parks.
