5K

Snowball greetings! All things patterns and shapes!
Tic, Tac, and Toc (Tic, Tac, Toe) are with t words!
We learned about marching bands and instruments!
We got to interview our friends this week and write about them!

Elizabeth's uncle was
our Mystery Reader
last week Friday!

For our STEAM activity, the 1st graders learned the characteristics of a real snowflake. A true snowflake has a hexagon in the center and six branches. If these characteristics are not present, then we call it a "snowFAKE!" We followed steps to cut our own flakes/fakes and then compared them. The students in 1st grade measured their shoes today using a non-standard method. Using blocks, they checked how long and how tall their shoes are.

2ND GRADE

We learned the history about the "Candy Cane" that we all see during our Christmas season 🎄. We read a book, had conversation, and did a project.

3RD GRADE

We practiced writing in 3rd grade with letters to Santa. They had to ask him 2 questions before asking for presents.

GYM CLASS

Gym class was twist on our basketball unit! We have been practicing our passing and shooting techniques. So what better way to put them to the test then Scooter Ball!!! If you have the ball you can only pass or shoot, you CANNOT scooter (that would be traveling.) If you don't have the ball MOVE/SCOOT and get open for a pass. One hoop in the middle of the court so lots of space to scooter and pass. Teams were determined by scooter colors.

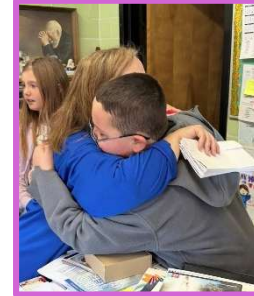

On Monday we wanted to share some love with our amazing principal! We love you Mrs. Yauck!

We worked very hard to get our math done early and had some fun playing hang man before lunch!

4TH GRADE

CHILDCARE

We made reindeer and our own wrapping paper this week!
