

Picnic with the Principal

Madison Garcia Gonzalez, a 2nd grader at St. Mary School, had a Picnic with the Principal on Wednesday, Oct. 2. Mrs. Yauck said that her lunch with Madison today was so enjoyable. They talked about her mom having a baby and how excited she is to be a big sister. They don't know if it is a boy or girl because mom wants it to be a surprise. Madison said she is hoping for a little sister. She asked Mrs. Yauck if she has any siblings. She does, and told Madison about her family. When asked her what she likes to do with her family, Madison said that she loves going to the farm to help mom work. She has a cat there that she named Sunny because of the yellow circle of fur that reminds her of the sun. She also has a gold fish named Goldie. She loves going to parks to play and her favorite one is Theiler park because it has a lot of play stuff there.

Mrs. Yauck asked her if they walk to the park and she said "Well, goodness no, it would take us a whole day to walk there!"
