Welcome back Mr. Briones! We missed you!

Surround yourself with love!!!

We did a group exercise this week. We matched letters to "stamp" onto our letters. We are learning about post office and mail carriers this week!

We also admired Jack Frost's handiwork at recess!

Little children, let us love in deed and in truth, and not merely talk about it. (1 John 3:18)

The 1st graders started two projects this week. For social studies, we are learning about the 50 states, maps, and American symbols. Students are creating a lap book all about maps. In the end, they will be able to compare maps and globes, know the cardinal directions, create their own maps and more! In literacy, we are working on a reader's theater called "Go Wild!" It's all about what animals in the wild eat. We will be sharing the story with our 4K friends.

St. Mary School third grader Beckham Hurst had a Picnic with the Principal on Wednesday, Feb. 7th. Mrs. Yauck says that watching Beckham grow over the years has been such a pleasure and she seemed so grown up while we had their lunch conversation. Beckham loves spending time with her family. They love to see and travel to other places. They have a vacation planned for spring break. Their end destination is Florida and Disney World. Beckham told Mrs. Yauck that her family is driving so that they can see and spend time in some other states. Highlights are seeing the Cake Factory and horseback riding. They spend a lot of time with the extended family and love playing with their cousins. Beckham loves school and wants us to have 4th grade back. I told her we are working hard on that. She enjoys playing with her friends, loves 3rd grade, loves learning to write in cursive, and doing division.

CHILD CARE CORNER

Our 1-yr-olds have lots of fun in the play area and they love spending time with Miss Shelley and Miss Cassy. Our 2-yr-olds worked on some valentines this week.

Second and third grade learned about the science of recipes and how the ingredients combine to make cookies certain texture and consistency.

Math Centers were a hit with our 5K kids this week! We also had fun taste-testing different types of foods!
