In 3rd grade this week, we learned why salt melts snow and ice.

We experimented with road salt and table salt to see if they both worked to melt snow. Both worked but the road salt lasts longer and therefore is why the road crews use that type of salt.

Little children, let us love in deed and in truth, and not merely talk about it. (1 John 3:18)

We practiced counting with blocks in 3K this week! We also are learning about bones. We made hands with skin (gloves) and bones (straws).

The Second Graders are learning about different landscapes in Science. On Wednesday, we went outside and observed our own landscape around our school. Each student created a map of our school grounds and next week we will be creating 3D models of our maps.

4K & 5K had fun playing with the parachute in gym this week!

CHILD CARE CORNER

Hours: 5:30 am – 5:30 pm; Monday - Friday

Our littles worked on a hot cocoa craft this week.
We also got to go play in all of the snow that we got!

St. Mary School 2nd grader Evelyn Hecker had a Picnic with the Principal on Wednesday, Jan. 10. Principal Mrs. Yauck said that lunch with Evelyn today was so pleasant and that her conversation with Evelyn seemed so mature. They talked about what brings Evelyn happiness. She likes to spend time with her step sisters. They have a lot in common and she likes sharing a room with them. She loves her dogs but doesn't like all the cleaning because they shed and leave dog hair all over. Mrs. Yauck told Evelyn that she knows what she is talking about because she has dogs too. Evelyn likes it when mom does her hair. It is so incredibly adorable and, yes, her mom is very good at it. Math is Evelyn's favorite subject in school and she loves hanging out with her friends at school, after school, and even some weekends.
