

# *Picnic* with the *Principal*

St. Mary School kindergartener Ivy had a Picnic with the Principal on Wednesday, April 16. Mrs. Yauck said that once Ivy warmed up to her, she would laugh after each question and that once she started talking, there was no stopping her. Ivy told Mrs. Yauck that she loves gymnastics and has a balance beam and bar that she does tricks on. She said she likes talking her brother Bryson into playing gymnastics with her but only if she is the coach and can tell him what to do. Mrs. Yauck said that Ivy is going to be one tough cookie growing up with four brothers. Ivy told her that she loves playing outside in the summer and she can't wait for it to get warm out. When asked her if she likes fishing and hunting like her brothers, Ivy said that she doesn't get to do that yet because every time she asks to go fishing with her brother, he always says that a friend is going with him. Then she asked, "I wonder why he always has friends come with him?"
